# About Us

Founded in 2012, Flight Simulation Technique Centre (FSTC) is the 1st & largest ATO (Approved Training Organization) certified by both the Directorate General of Civil Aviation (DGCA) and European Union Aviation Safety (EASA) in the country. We are one of the largest training organizations in India who independently own and operate a Flying School (FTO) as well as an ATO. This gives our students a unique advantage whereby they can complete their entire training with us, from the single engine Cessna till the Airbus and Boeing, we train the 'Complete' pilot.
